SUMMARY

A self-taught, highly motivated MERN Stack Developer with a proven track record of independent learning. Experienced in developing and deploying applications . With excellent problem-solving skills and a passion for continuous learning, I thrive in collaborative, Agile environments and aim to deliver high-quality user experiences.

EXPERIENCE

Full Stack developer INTERN

07/2023 - Present

Brototype

- Mastered the MERN Stack and gained expertise in full-stack web development during an immersive internship at Brototype, a renowned bootcamp
- Contributed to impactful projects by collaborating effectively within a dynamic team environment and embracing challenges head-on

EDUCATION

Computer Science

07/2018 - 03/2021

Calicut University - Bachelor of Science (B.Sc.)

- Smart Energy Meter (Academic Project)

Designed and implemented an innovative Smart Energy Meter system using Python, Embedded C, and the Flask framework. Developed a robust platform with MySQL for efficient data management. Conducted case studies to analyze power consumption patterns, providing users with detailed insights. Key features include device control, status monitoring, consumption readings, billing information, and payment facilitation. Managed user feedback, system updates, and registration as an administrator.

Science

05/2016 - 03/2018

DHSE - Schooling

- Achieved above 80% in schooling, demonstrating strong academic performance and proficiency in science subject

PROJECTS

Other Projects Include ↗

Netflix-Clone, Olx-clone, React-Crud-app, React Todo and more

Shoex ↗

12/2023 - 01/2024

- An e-commerce platform for sneaker enthusiasts built using EJS, MongoDB, CSS, Bootstrap, Node.js and Express, prioritizing user-friendly features like quick OTP signup and advanced search and secure payment processing via Razorpay
- Implemented admin functionalities including detailed sales analytics, downloadable reports and efficient product and order management tools, while strengthening skills in full-stack development, UI/UX design and project management
